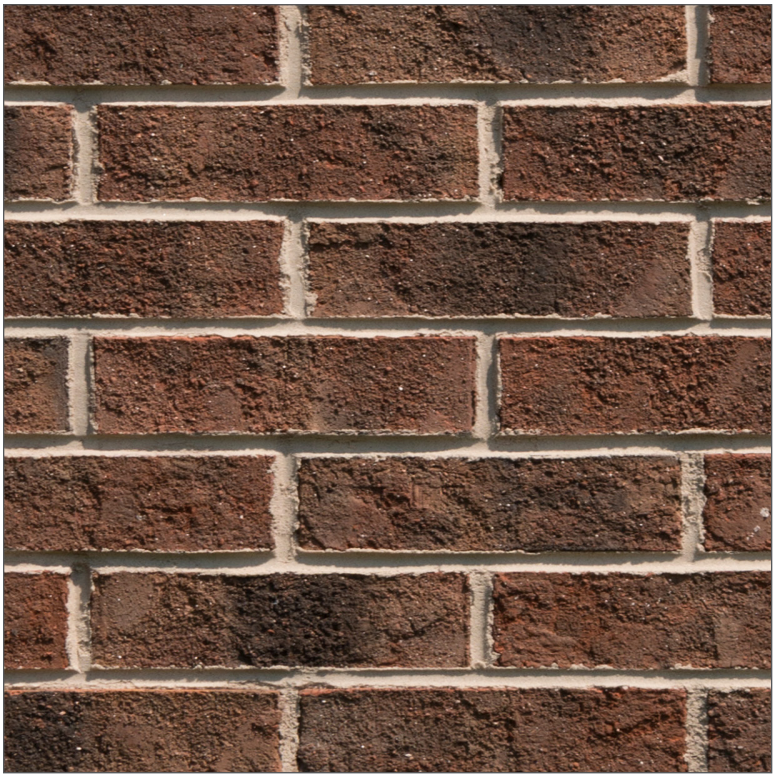
HERTFORD



Photography is intended to show the general appearance of the brick color.

Bold mountain hues.

If you're looking for an exterior cladding option that will make a truly bold statement, Triangle Brick Company's Hertford brick is a great choice.

As one of our most striking bricks, the Hertford brick features a deep black walnut color with black flashing, providing a look for your building project that's just as classic as it is impressive.

This stunning sand-faced brick is offered under our Standard product tier.
